## Bladder Health UK National Conference 2025

### National Conference Centre, Birmingham

18th February 2025

Dear Exhibitor and Industry Partner

Bladder Health UK are delighted to announce that our National Conference and Exhibition will be held on Tuesday, 18th February 2025 at the National Conference Centre, Birmingham.

We look forward to welcoming you to our third conference for healthcare professionals at which this year, we will be focussing on new developments in the care of those suffering from chronic bladder illness.

The educational programme will be aimed at specialist nurses in the fields of uro-gynaecology, continence and urology, physiotherapists, consultants, general practitioners and all those working within the field of bladder health.

Our conference last year, 'New Horizons', was a huge success with 130 delegates attending. We hope to see you in 2025 when we will be building again on that success and offering you the opportunity to network with delegates. Your attendance is valued by the charity as it enables us to host events such as these and provide high quality education and training for those who are providing treatment and care to sufferers of chronic bladder illness. Our exhibition hall provides delegates with the opportunity to learn more about the products and services that you provide thus enhancing patient care.

# Why Exhibit With Bladder Health UK?

Bladder Health UK are a national charity with thirty years experience in the field of bladder health. We have been running training events for healthcare professionals for several years now and we are well-respected by healthcare professionals for delivering high quality educational content.

Our exhibition hall is linked directly to our auditorium allowing delegates to gain access to stands easily. Delegate breaks are lengthy and we encourage delegates to arrive early to browse the exhibition by providing breakfast with their tea and coffee. Further breaks will be provided for morning coffee, lunch and afternoon coffee. Catering is delivered in the exhibition hall and we encourage delegates to stay in the hall by providing small tables at which they can stand and enjoy their food. Every care is taken to maximise the opportunity for delegates to meet with you and find out about the products and services you are offering.

**A full list of delegates attending will be provided on the day to all those exhibiting.**

## Exhibitor Comments on Previous Exhibitions

“We had a really positive experience, lots of conversations and interest. It felt busier than last year and there seemed to be more people towards the end of the day, which was great to see. I honestly don't have a negative to give you, it was very well run from start to finish and everyone at BHUK deserves a lot of praise for the event. The venue is great in terms of there being parking and the food was fantastic. I'm looking forward to booking for next year!”

“Let me begin by saying well done, what a brilliant event you put on yesterday. Mark and I were impressed by the event, the location, the venue, the food and your brilliant team.”

“Just a quick note to say thank you very much for inviting me to exhibit at the Breaking Boundaries event. I was really impressed with how many delegates and exhibitors you attracted, along with the range of speakers. The venue was brilliant and you did a great job laying on such a well organised and efficient event. Everything from the sign posting in the foyer to the personalised folders you gave exhibitors was first class!”
